

(C Keena HPS)

- <https://powerschool.hartfordschools.org/public/home.html>

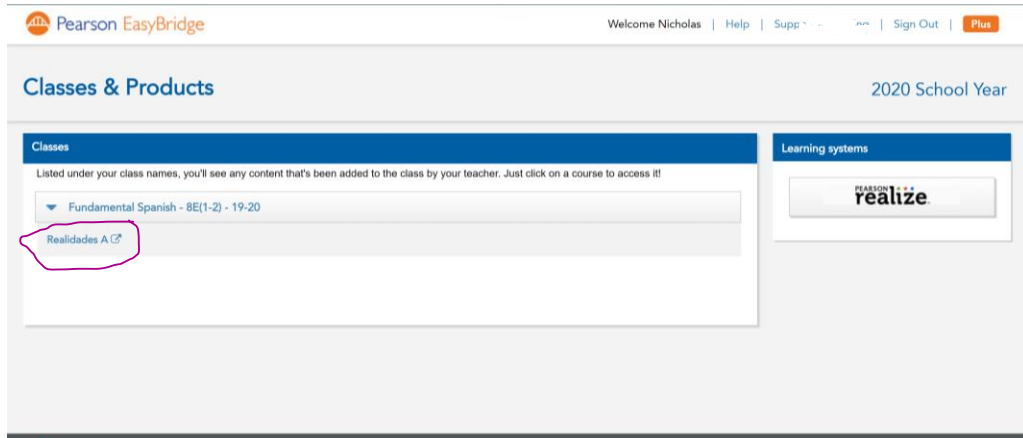

- For example:** Username 123456
Password 20060823 (This would be for August 23, 2006)

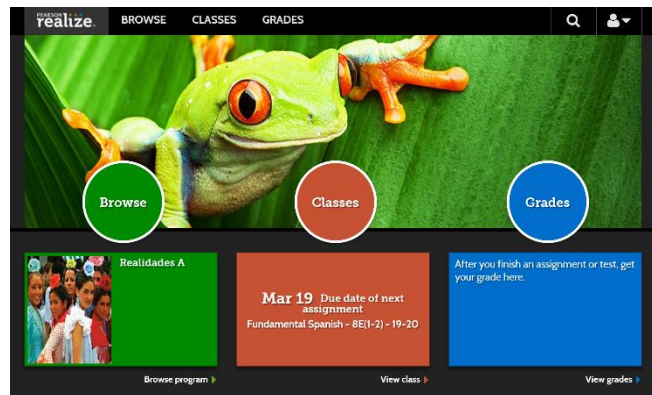

- Pearson Courses.

- You will now see your class and the textbook you are using (in this case, *Realidades A*)
Now click on your class textbook (in this case, *Realidades A*)

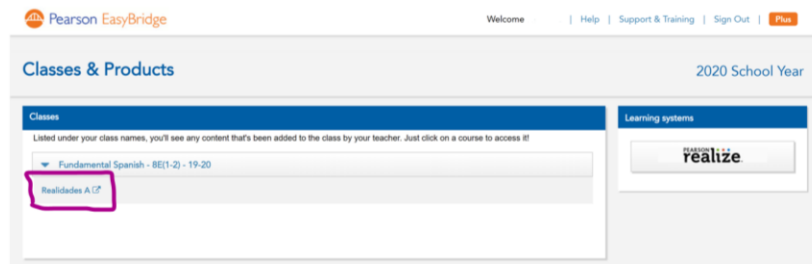

- You will see the main menu for your class. *Leave this tab open* so you can come back to it to open up each category in different tabs (Look at 6, 7 and 8 to see what you will find when you click the different categories.)

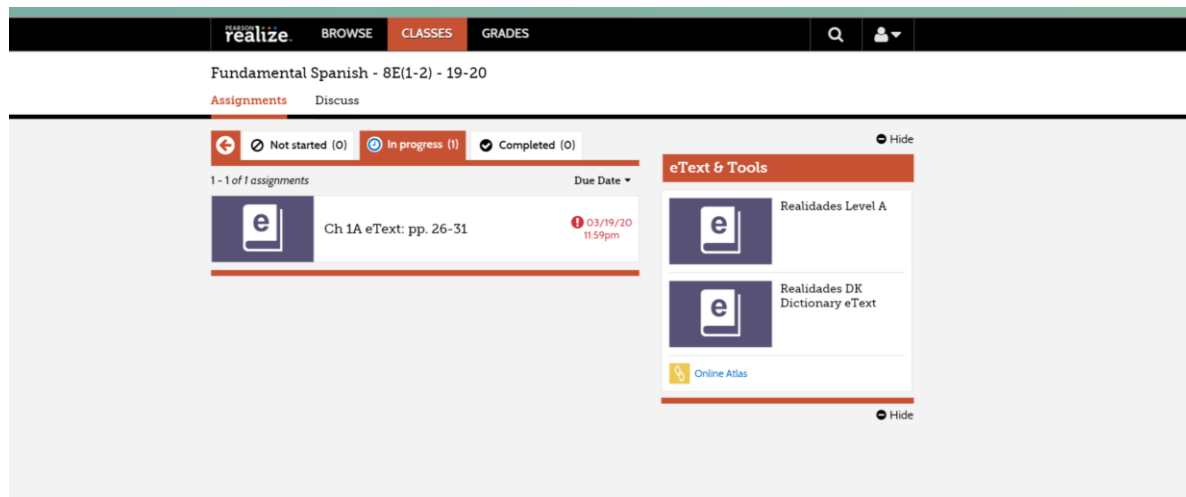

- If you click on **BROWSE**, you will see all of the materials in your book, by category and chapter. Click on the chapter you are working on to see the pages in that chapter.

7. If you click on **CLASSES**, you will see all the assignments for your class. Click on the class, as you see circled below.

8. Click on the assignment, and you will see what you need to do.
In the example below, the student started the assignment, then left, and is back in to continue the assignment (IN PROGRESS).
On the right-hand side you can open the textbook (eText) and the Dictionary if you need them.

9. If you click on **GRADES**, you will see your grade status.
